

Scientific Advisory Team Updates

Overview

The primary purpose of Scientific Advisory Team (SAT) is to bring together a team of key stakeholders representing the University's scientific community to share concerns and ideas that are central to the research community's missions and needs. SAT members will provide subject matter expertise, where applicable, and work collaboratively with the Office of the CFO to bring high value to Pittsburgh's procurement of scientific related products and services benefiting the entire institution.

Meetings

1. Feb 09, 2015: SAT Kickoff | O'Hara Student Center Dining Room | Noon - 1:30
- 2.
- 3.
