Submitting Standard Reports and Extracts – Responsibility Center Administrator
Submitting Standard Reports and Extracts

Section Objectives

At the end of this section, you should be able to:

- Submit standard reports
- Review concurrent manager for requests
- Save reports for viewing online
- View diagnostics, request logs, and reports online
- Copy output and transfer to your PC
- Cancel running requests
Submitting Standard Reports and Extracts

PRISM TRKS Standard Reports and Extracts

- Standard reports are pre-defined reports that allow you to review PRISM information

- Reports may run at any time and are submitted via the Submit Requests form

- Reports may not be executed immediately when requested. A report request is sent to a utility program called the Concurrent Manager.
  
  - The Concurrent Manager coordinates the processing of several requests simultaneously
  
  - You can do other tasks while the Concurrent Manager is processing your request

- Users have access to certain reports based on their responsibility and access to view the output of the reports is based upon the department which the user is assigned

- The PTER211 Missing Timecard report may be viewed online or printed

- The output for the PTEE810 Weekly Timecard report, PTEE811 Timecard History by Person, PTEE815 Time Off History, PTEE817 Weekly Timecard After Transfer, PTEE819 NEAD Account Number Extract, PHRE337 Distributed Comp Time/Overtime Extract, and PTEE601 Retro Hourly Reconciliation must be exported to Excel to print in best format
Submitting Standard Reports and Extracts

Report Parameters

- Most print requests require you to enter parameter values so you can specify the scope of information you want to see in the output
- Prompts in the Parameters window are specific to the request you select

![Parameters Window](image)

**Sample parameters for a Weekly Timecard report**

- Some parameter fields have a *List of Values* available to ensure you choose a valid parameter value while other parameters are optional and require no value
- Default values may be predefined for one or more of the parameters associated with your request
- Default values are automatically applied to these parameters when the *Parameters* window is opened

Using the *Concurrent Requests* Windows

- You can use the *Concurrent Requests* windows (summary and detail) to:
  - View a list of all submitted concurrent requests
  - Check whether your request has been submitted
  - Change aspects of a request’s processing options
  - Find the position of your request in the queues of available concurrent managers
  - Copy output to your PC
  - Cancel a request
- You can navigate to the *Concurrent Requests* windows using the *Navigator* window

Lab 3: Copy Output to Another Application - Timecard History by Person Report

Submit the Timecard History by Person Report and copy output to Excel

1. Select the PRISM TRKS RC Administrator responsibility

2. Select the Run link under Reports

3. Click the radio button across from Single Request and click the OK button

4. Select the PTEE811 Timecard History by Person RC Admin in the Submit Request form

5. Select the following in the Parameters form:

   - Select the Active Employee (search for the name by using the format of Last, First, MI, Suffix) (Required):
     - StudentXX, Employee A

   - Select the Timecard Period Start Date (Required):
     - 04-JUL-2010
     
     Note: The dates provided change based on the date the report is run. It is possible to select Timecard Period dates approximately nine weeks prior to the last timecard transfer. For example, if the last transfer date was 02-AUG-2010, then the Timecard Period Start Dates available will include all Sundays from 30-MAY-2010 to 25-JUL-2010.

   - Select the Timecard Period End Date (Required):
     - 24-JUL-2010

   - Click OK to return to the Submit Request window and click the Submit button

6. Once the Phase of the report has changed to Completed, export the Output to an Excel file

Note: Detailed steps with screen shots are provided in Lab 2 (Pages 13-22)

Lab 4 Solutions: Copy Output to Another Application – Time Off History

Report Period: September 04, 2011 - October 01, 2011
Run Date: 06-Jan-2012

Any time accrued or time taken for the current month may not appear until all weeks for that month have been processed.

Monthly people accrue on the last day of the month (not necessarily the last work day of the month) while bonusly people accrue on the last day of the pay period.
