New lab startups should email
newlab@abcam.com for discount

Purchasing Method:

PantherExpress System Punchout

Shipping and Delivery:

Abcam orders may show incomplete shipping information with the initial purchase in the PantherExpress System. S&H may appear as \$0.00 until the purchaser receives the confirmation receipt by email; however, shipping charges do apply. Please see the following excerpt from the contract:

Delivery and Freight Costs. Freight costs for each purchase order will be applied as follows:

Supplier ships via FedEx Priority. Standard blue ice shipments are \$45 and dry ice shipments are \$60. Non-dry ice kits are \$49. Dry-ice kits are \$60. Supplier charges one shipping charge only. This value will correspond to the shipping charge of the item with the highest shipping charge on the shipment, irrespective of shipping condition(s), number of products and product type(s). In the event the University requests an institutional FedEx account number to be used, Supplier assesses a packing and handling charge of \$26.
