Purchasing Method:

PantherExpress System - Punchout

Shipping Charges:

Shipping charges are calculated based on both the total value of the shipment and the shipping conditions of the order, not the weight of the shipment. Products that require the addition of dry ice or ice packs fall into a different calculation tier than orders shipped at room temperature. Shipping charges will appear on the invoice.

Standard shipping charges are calculated as follows (excluding instruments):

Order Value	Room Temperature Shipment	Ice Pack or Dry Ice Shipment
Under \$1,000	\$50	\$70
\$1,000 - \$1,999.99	\$60	\$90
\$2,000 - \$9,999.99	\$75	\$125
\$10,000 - \$19,999.99	\$90	\$165
\$20,000 - \$49,999.99	\$105	\$205
Over \$50,000	\$205	\$305
